REMARKS

In response to the rejections made in this case, Applicant replies as follows:

Rejections under 35 U.S.C. 112

The Examiner has rejected claims 1-11, 14-18 and 20 under 35 U.S.C. 112, 1st paragraph because "...the specification, while being enabling for an oxygen bleach including sodium percarbonate, does not reasonably provide enablement for any "bleach" including hypochlorites." This rejection is respectfully traversed.
